### **Jyco Expands TPV Seal Production into Mexico**

**Dexter, Michigan** Jyco Sealing Technologies has announced plans to establish a TPV manufacturing facility in Sonora, Mexico. The Jyco Mexico operation will supply thermoplastic vulcanizate sealing systems to automotive OEM assembly plants in Mexico and South America.

Jyco has contracted with The Offshore Group for 18,000 square feet of industrial space at the Roca Fuerte Industrial Park in Guaymas, Sonora, Mexico. The large industrial complex includes production facilities for a number of other North America-based Tier One suppliers. Jyco expects to employ approximately forty workers once production is up to speed.

“Jyco Mexico is another major step in our goal to deliver better products and service to our customers no matter where they are in the world,” comments Jyco COO Shawn Jyawook “The Offshore Group’s ISO 9001:2000 certified shelter program and expertise in expediting and supporting manufacturing operations in Mexico were a perfect fit with our plans.”

Jyco is dedicated to the design, engineering and production of TPV sealing technologies. In 2004, the Michigan-based company established Jyco Asia in Japan. Jyco Europe was launched in Belgium in 2005.
