FOR IMMEDIATE RELEASE

Minco Manufacturing, LLC Signs Contract for Services in Mexico with the Offshore Group

Colorado Springs, Colorado – based Minco Manufacturing has entered into a contractual agreement for the provision of manufacturing support, or “shelter” services in Mexico with The Offshore Group.

Minco will occupy approximately 31,500 square feet of industrial space at The Offshore Group’s Bellavista Industrial Park, in Empalme, Sonora, and will employ approximately 75 direct labor workers at the project’s maturity.

According to company president, Ron Eisele, “Minco’s products are sold in over 160 countries around the world. We are looking to position ourselves to remain competitive in the future. We feel working with the Offshore Group will allow us to accomplish our goals.”

The company’s Mexican facility will produce Teflon coated fuser rollers, Silicone coated Pressure Rolls, fixing film sleeves, as well as remanufacture drum cartridges for use in the office-imaging marketplace. The company is compliant with the ISO 9001-2000 standard quality management system.
